“ Hello, I am Charlene Perry Fraser, the Reading Specialist at Heather Ridge while Evan attended there. He was in my class all 4 years. I know we teachers are supposed to be completely impartial when it comes to our students, and I know I did treat all my students equally in class. I do have to confess, though, that Evan was my very favorite student. He made tremendous growth while in my classes, due to his motivation and hard work.

I was heart sick when I read Evan's obituary in the Frederick News Post. I had thought about him over the years and wondered where he was and how he was doing. I even emailed his counselor about 3 years ago to inquire if she had ben in contact with him. She had not, unfortunately.

He wrote several paragraphs to be read at my retirement dinner, and I have a copy in my Teacher of the Year and Retirement Scrapbook. I reread them last week and smiled. They were funny, touching, and reminded me what a pleasure it had been to teach him. He was so smart and had a great memory for details.

Darlene, I just want you to know how important Even was to me.

I want to thank you for your kindness with Evan and your time you spent with him . I have some of his letters he wrote in your class as well . It has taken me so much time before I could read all of the letters. As I am heart broken. Evan wanted everything that everyone wants . A family a wife , kids and more . He was on the right path when tragedy struck.

Thank you so much for your kind thoughtful letter . I just wish that do much with loved.
