“ Dear Brad, Lisa, Cousins and Greg's friends,

I have fond memories of Greg. My sister, Joan, and I lived nearby in Ashfield and were the babysitters of choice when he and Brad were young. I remember them having, what I called very adult vocabulary, at a young age. He was young when he announced that their cat was "pregnant" one day when I was there. My being a teenager at the time thought that was a pretty grown-up word for such a young guy!!

As I looked back on the time with them I realized that they had been addressed by the parents with adult vocabulary so naturally that was what they used.

Sorry I am so late tracking down this news. When I tried to reach him, as we talked every once in a while, the phone had been disconnected.

“ *Brad and Lisa,
I have so many fond memories of time spent in both Ashfield and Mount Hermon with Greg. I recall when he had a crush on Susan Cordelli, like many smitten Ashfield boys. He would hang out with a group of us who spent many a summer day and evening playing and later hanging out with Glen and Susan. (Also riding around I. Our cars and going to the outdoor movies)
Hope to see you both when to come to Ashfield. Praying you are both well and that both of your cancers are in check Brad.
My best to you both,
Arms around you,
